## SanTron to show large selection of affordable mining industry products at Kalgoorlie's GME

**SanTron (Aust)** will feature a range of products to suit the Australasian mining market, industrial computers, UPS and stepping motors and drivers on **Stand 1022** during the Goldfields Mining Expo (GME) at the Kalgoorlie-Boulder Racing Club from October 28-30, 2008.

The Victorian-based company, which was established in 2004, specialises in quality products at an affordable price for the mining, manufacturing and chemical industries among others.

The SanTron product range also includes stepping and servo motors and drivers, cables and wiring systems, ultrasonic sensors and transformers.

"We partner with premium manufacturing companies worldwide to provide our customers with products that combine high quality and affordable prices with friendly, honest and accessible service and support," SanTron representative Kieran Harford said.

"As well, our customers can access all of our information, specifications, service and up-to-date products from the internet instantly."

SanTron also offered onsite demonstrations at workplaces, he said.

Brands supplied by SanTron include Sanyo Denki, IMS, Magnetic, Lutze, Microprecision, Huacen and KomoCon.
