

MEDIA RELEASE

Nilfisk-Advance to show new industrial cleaners at Kalgoorlie's GME

Nilfisk-Advance will feature three new cleaners suited to the mining industry on **Stand 2184** during the Goldfields Mining Expo (GME) at the Kalgoorlie-Boulder Racing Club from October 28-30, 2008.

A leading global manufacturer of cleaning machinery and specialised vacuum equipment, Nilfisk-Advance's GME display will focus on the SR1900 ride-on sweeper and the CR1200 floor cleaner & High Powered Vacuum equipment for HAZ & Eco solutions.

The Nilfisk SR 1900 & CR 1200 is designed for outdoor areas with limited space such as large areas, parking areas and loading bays.

They are compact enough to be moved by trailer from job to job and, according to the company, powerful Sweeping & Scrubbing solutions offering high productivity, flexibility and first class results.

The industrial class SR1900 sweeper has a 2 m wide sweeping path and is said to be ideal for cleaning parking lots, warehouses, factory floors and construction sites.

According to Nilfisk-Advance, the SR1900 also efficiently controls dust as it cleans thanks to its innovative DustGuard misting system.

The CR1200 floor cleaner can sweep, scrub and dry in a single pass or it can be used for just sweeping or just scrubbing if required.

It has a variable scrub deck down pressure of 55, 110 and 180 kg force and is available in battery, LPG and diesel-powered models.

Benefits include long running times, high productivity, lower cleaning costs and high operator comfort.
