

MEDIA RELEASE

Fuelfix-Tanks2Go to showcase fuel management solutions at Kalgoorlie's GME

Fuelfix-Tanks2Go will shine the spotlight on its fuel management solutions for the Western Australian mining industry on **Stand 2330** during the Goldfields Mining Expo (GME) at the Kalgoorlie-Boulder Racing Club from October 28-30, 2008.

The WA-based company sells and hires out fuel tanks, ranging from 2000 litres to 110,000 litres, throughout the state.

The purpose-built, fully licensed and environmentally safe self bunded tanks are available for short or long term hire.

For mobile refuelling, Fuelfix-Tanks2Go offers a self bunded fuel trailer with 1200 litre capacity.

Built for demanding trips and hard-to-reach sites, the fuel trailer can be used to refuel anything from small diesel pumps to large pieces of mining equipment.

The company also supplies fuel management systems for recording fuel usage, reliable and durable pumping equipment, meters and gauges.

As well, Fuelfix-Tanks2Go repairs and maintains existing fuel storage and dispensing equipment and offers health, safety and environmental advice in regard to achieving statutory and corporate compliance in receiving, storing and dispensing petroleum products.
